

Indiana Technical Assistance Program (INTAP)

INTAP is an annual program of the Indiana Small Business Development Center (SBDC) that helps small Indiana businesses complete growth and improvement projects by providing up to \$15,000 in services from a qualified professional and technical vendor. This helps businesses secure the necessary skill set, qualifications, or technical expertise needed to execute a project.

INTAP Vendor Proposal Requirements

- Must have verifiable presence in Indiana
- Must include a scope of work
- Must outline specific technical needs they are providing solutions for, with firm costs for each milestone/deliverable
- No retainer models
- Must be a formal quote (email exchange will not be accepted)
